

THE
Lux Nurse
INJECTOR

IV & IM Infusions

BEAUTY. WELLNESS. WITHIN.

*Nourish
Restore
Glow*

Intravenous (IV) and Intramuscular (IM) infusions

offer a direct and effective way to deliver essential nutrients, vitamins and minerals straight to your cells.

This allows for optimal absorption and maximum results for your overall health, energy and wellbeing.

FOR YOUR
HEALTH.
FOR YOUR
CONFIDENCE.

THE BENEFITS OF INFUSION THERAPY

SUPPORTS HYDRATION

Replenishes fluids and electrolytes for optimal bodily function.

BOOSTS IMMUNITY

Strengthens your natural defences and helps fight illness.

INCREASES ENERGY

Combats fatigue and supports physical and mental performance.

ENHANCES SKIN HEALTH

Supports collagen production for a radiant, youthful glow.

SUPPORTS DETOX & RECOVERY

Aids in removing toxins and supports post-illness or recovery.

OVERALL WELLBEING

Promotes balance, vitality and a greater sense of wellbeing.

- ♥ Helps reduce stress and fatigue
- ♥ Supports immune function
- ♥ Promotes overall wellbeing

Detox. Support. Feel your best.

HOW IT WORKS

IV infusions are delivered directly into your bloodstream for maximum absorption. IM injections are delivered into the muscle for slow, sustained release. Both methods ensure your body receives the nutrients it needs - when it needs it.

You deserve to feel your best.

Bespoke infusion treatments designed to help you look, feel and live at your healthiest.

BEAUTY • ENERGY • HEALTH • CONFIDENCE
Because true beauty starts from within.

SAFE. EFFECTIVE. TAILORED TO YOU.

- ♥ All treatments are administered by a trained professional.
- ♥ Ingredients are premium grade and clinically used.
- ♥ Each infusion can be tailored to your individual needs and goals.
- ♥ We are here to support your journey to optimal health and natural beauty.

Nourish your body. Elevate your life.

THANK YOU FOR TRUSTING
