A FIRMER, MORE YOUTHFUL YOU.

## WHAT IS SMASTOX?

Smastox is an advanced non surgical treatment that combines the lifting power of strategically placed botulinum toxin with science led techniques to elevate, tighten and smooth the face and neck.

*No surgery. No downtime. Just beautifully you.*

- LIFTS & TIGHTENS
- SOFTER, SMOOTHER SKIN
- IMPROVES DEFINITION
- NATURAL, YOUTHFUL RESULTS
- MINIMAL DOWNTIME

## HOW SMASTOX WORKS

### 1. TARGETED TECHNIQUE

Strategic micro-doses of botulinum toxin are placed in key muscles.

### 2. MUSCLE RELAXATION

Overactive muscles are gently relaxed, reducing downward pull and tension.

### 3. LIFT & SUPPORT

The face is allowed to lift, contours are enhanced and natural balance is restored.

### 4. SMOOTH & TIGHTEN

Fine lines soften, skin appears firmer and overall tone and texture are improved.

### 5. NATURAL RESULTS

You look refreshed, lifted and radiant – never frozen or overdone.
